This Application Policy outlines the principles and guidelines governing the operation and use of the "Quick Discount" mobile application (the "App") and its related services (the "Service"), owned and operated by A2Z Company.

1. Purpose of the Service

The "Quick Discount" App serves as a platform to connect users ("Users") with participating merchants ("Merchants") to facilitate the discovery and redemption of exclusive discounts ("Discounts") and rewards.

We act as an intermediary, enabling seamless interaction between Users and Merchants.

2. User Accounts and Data Security

2.1. Account Registration: To access the full features of the Service, Users must register for an account, providing accurate, current, and complete information.

2.2. Electronic Personal Card: Each registered User receives a unique, non-transferable Electronic Personal Card for personal, non-commercial use, essential for redeeming Discounts and earning Loyalty Points.

2.3. Account Security: Users are solely responsible for safeguarding their account passwords and the security of their Electronic Personal Card. Any unauthorized use must be reported immediately to info@a2z-team.com or (0101.tel).

3.2. Loyalty Program: All registered Users are automatically enrolled in the Loyalty Program. Points are earned for qualifying purchases and can lead to Reward Coupons upon reaching specified thresholds. Loyalty Points have no cash value, are non-transferable, and expire after twelve (12) months of account inactivity.

3.3. Reward Coupons: Reward Coupons are subject to specific terms, including validity periods and non-transferability.

4.2. Dispute Resolution: Any disputes between a User and a Merchant must be resolved directly with the Merchant. While "**Quick Discount**" may offer assistance at its discretion.

5. Prohibited Conduct

Users agree not to engage in fraudulent activities, including creating multiple accounts, sharing Electronic Personal Cards, or attempting to redeem Discounts multiple times unless permitted. Decompiling the App, using the Service for illegal purposes, or infringing on third-party rights is strictly prohibited.
